EDUCATION

Studying Computer Science and engineering with Artificial Intelligence (Ends in 2026) at Mar Baselios College of Engineering and Technology,Nalanchira,TVM,KERALA.

PROJECTS

- **My own portfolio page** : *https://arjunp.vercel.app/*
- **Mileage prediction :** using Regression and different model analyses : *https://github.com/arjun2004/Mileage-Prediction/*
- Developed 'PokeFest': A Pokémon-Themed fest Web Application for selection test(hackathon like) for Google Developers Students Club : https://team-8.vercel.app
- Developed web app for 'ProjeX': A Project-Sharing Community Platform project for Smart India Hackathon prelims held at MBCET,TVM 2023: https://tinyurl.com/y89bvb65
- **Meditate-Now Web App :** one of my old projects which is simply a meditation timer *https://meditatenow.vercel.app/*
- **Created CHATBOT**

CERTIFICATIONS

- Completed "The Complete 2024 Web Development Bootcamp" on Udemy. : https://www.udemy.com/certificate/UC-39b2898f-198c-426e-ae78-4072348a388b/
- Done Data Science and AIML internship at YBI foundation. : https://www.ybifoundation.org/certificate-validation?credentialId=9ZO9EPFIEYXOC

HOBBIES

- **Movies**
- **Music**
- **Games**
- **Hanging out**

SKILLS

Programming Languages
- Python
- C
- C++

Web development :
- ReactJS , NextJS
- HTML
- CSS
- JS
- Tailwind CSS

Machine Learning:
- Knowledge in ML algorithms and ANN including it's implementation.

Other skills
- Problem Solving
- Multi-tasking
- mySQL
- Linux Administration
- Photoshop
- MS OFFICE
